No	4
Social Club for adults and teens	
I think all the staff at WWVDN works so hard to support our family's. I'm so grateful for all that you do for our family and all the support that you offer.	
Walla walla schools need training on transitions from elementary to middle school. More inclusion for orientations and open houses.	
More support meetings	
Need Saturday night and Sunday activities!	
not would but could? These young adults need social gatherings - now they are only seasonal	
Wills, trusts, filling out DDA for for adult disabled before age 20. Ticket to work, Housing options. More on wills and trusts. In our experience, VOC Rehab is awful.	
I can bike	
helping find qualified caregivers for kids under 18 - like babysitters for summer or for after school. Also interested in the "I can Ride" program, teaching kids w disabilities (or not) how to ride 2 wheel bicycles.	
behavior issues	
A variety of disability training	
More info on how DDD works & what is the endowment trust	
I appreciate very much all the WWVDN and Parent to Parent have to offer. Unfortunately it seems every time there is an opportunity we are interested in we have a conflict in our schedule and can not attend your event. This is not your fault and cannot be help, just unfortunate for us.	
Wish I had learned about you sooner so I could get support. Will be this fall	
A few more outside professional presentations with Q and A opportunities.	
Social support for young adults	
More information about financial and estate planning for disabled adults	
I believe everything is being provided :) I have noticed not many families with recently diagnosed or young children participate. Are providers at clinics, preschool, and home day care providers aware of this amazing organization?	

14. If Special Olympics offered a basketball program, would you be interested in becoming involved?

Participant	16
Volunteer	9
Not Interested	29
