Many more Facilities available for Autism Spectrum Disorder Diagnosis; however, to date these are the most frequently used by our local physicians and educators.

All vary greatly in services provided and wait time for an appointment.
Some will get family in earlier if child is enrolled in Birth to Three Program.

If you'd like a more detailed information about these facilities, feel free to contact

Carla L. Nibler at carla.nibler@gmail.com

She's has more detailed info about the diagnostic facilities.
